PROFESSIONAL EXPERIENCE

Founder & Full Stack Developer

Jul 2025 – Present

Maniora

Hyderabad

- Build and deploy full-stack web applications and SaaS products from requirements and architecture through development, testing and production deployment.
- Develop frontend, backend, REST APIs, authentication and database workflows using React.js, Node.js, Express.js, PHP, CodeIgniter, MySQL and MongoDB.
- Built business applications including photo-studio management, number-processing, e-commerce and social-media automation platforms.
- Integrated payment gateways, external APIs and email services, and managed Linux/VPS deployment, debugging and production support.
- Work directly with clients on requirements, feature planning, implementation and maintenance.

MERN Full Stack Developer

Apr 2025 – Jun 2025

Build Your Vision

- Developed frontend features and reusable components using React.js and implemented backend APIs using Node.js and Express.js.
- Worked with MongoDB/MySQL, REST APIs, frontend-backend integration, debugging and application testing.

Full Stack Developer

Mar 2024

Sandblaze Digital Pvt. Ltd.

- Contributed to frontend/backend web development, database integration, feature implementation, debugging and testing.

SELECTED PROJECTS

Number Sorting System – Sortifyyy

Aug 2026 – Sep 2026

PHP | CodeIgniter | MySQL | JavaScript

- Built a business application for processing large sets of mobile numbers using telecom prefix, operator and regional data.
- Implemented Excel processing, number classification, duplicate handling, search/filtering, pagination, follow-ups, exports and role-based admin/user workflows.

Maniora Studio – Photo Studio Management SaaS

Mar 2026 – Present

SaaS Product

- Developing a SaaS platform for photo studios with studio accounts, digital/live galleries, client-facing experiences and bride/groom waiting pages.
- Worked across application architecture, frontend/backend development, database workflows, authentication, APIs and deployment.

Maniora DM Automation – Instagram Automation SaaS

Jun 2026 – Aug 2026

Meta API Integration

- Developed an Instagram automation SaaS integrating Meta APIs for account-based messaging and automation workflows.
- Implemented authentication, API integrations, database operations, automation logic and production deployment.

PixelFable – Digital Products E-Commerce

Aug 2025 – Sep 2025

Razorpay / SMTP / E-Commerce

- Developed product management, cart, checkout, order processing and digital-product workflows with Razorpay payment processing and SMTP email integration.

EDUCATION

B.Tech – Computer Science & Engineering

2024

JNTU Hyderabad

CGPA: 7.8

CERTIFICATIONS

- **Python (Basic)** – HackerRank, 2023
- **Internship Completion Certificate** – CodSoft, 2023
